

Eight years of swapping local seeds

What is Seedy Saturday?

We are a local event that offers growers at all stages and ages the chance to share their own seeds, exchange tips and experiences, browse local products, and learn about community activities.

Every year there's lots to see and do, with something for all the family. As well as the community seed swap, there will be expert talks on honeybees, and growing something different to eat, plus art and craft activity sessions for kids too.

In addition, there will be a wide range of stalls to browse selling potatoes, onions, shallots, garlic, plants, local produce, crafts, gifts, books, seeds, and more...

By growing, saving and swapping seeds, you can help to keep some wonderful old varieties alive, conserve biodiversity, and create locally adapted varieties.

So come and 'Get Seedy!' with us! Bring your seeds, family, and friends, and let's have fun swapping, sharing, growing, and learning.
